

PCR Reagents

2X PCR Reaction Buffer

Catalog #	Size	Concentration	Price
18	1 ml	2X	\$30

Description

The 2X PCR buffer contains 40 mM Tris-HCl (pH 8.0), 100 mM KCl, 4 mM MgSO₄, and 0.4 mM dNTPs. To perform PCR reactions, you just need to add the DNA template, primers and the polymerase.
